By signing above, I confirm that I am aware of program performance expectations (listed on the second page of this document) and agree that if the prospective fellow is selected for participation in the program, our organization will sponsor their participation which will entail billing JHU monthly and processing a monthly payment (based on the average salary of 2018 BNLP fellows) to the fellow in recognition of the 20% time the fellow will dedicate to the program.

The Johns Hopkins Urban Health Institute will provide information regarding billing amount and process if the fellow is selected
